Dear Aarna,

On behalf of Avanti Fellows, I express my gratitude and admiration for your remarkable initiative of organising the industrial tour with visits to six factories in the Bhosari-Chinchwad MIDC area for our KCTVN Pune girl students. Your passion for encouraging young women, through this initiative, to pursue careers in STEM is truly inspiring.

By facilitating this tour, these girls have gained invaluable insights into different engineering-based roles and empowered them to envision their futures in STEM. Seeing how your efforts have already resulted in opportunities, like the internship offer for Zeba Patel, one of our students, is a testament to the impact of your efforts.

Thank you for your leadership and dedication to 'Girls in STEM'. Your work is not just impactful but also inspiring. You are a role model for your age, and we are excited to see the positive impact you will continue to make.

Keep shining bright!

Warm regards,

Vandana Goyal
Managing Trustee and Co-CEO
